- My child has had meningococcal meningitis immunization within the past 10 years.
Date received: _____

[Note: If your child received the meningococcal vaccine available before February 2005 called Menomune™, please note this vaccine's protection lasts for approximately 3 to 5 years. Revaccination with the new conjugate vaccine called Menactra™ should be considered within 3-5 years after receiving Menomune™.]

- I have read, or have had explained to me, the information regarding meningococcal meningitis disease. I understand the risks of not receiving the vaccine. I have decided that my child will **not** obtain immunization against meningococcal meningitis disease.
